**Hon'ble Prime Minister of India,**  
**New Delhi – 110 001.**

**Sub: Notice for demonstration and agitation of Electricity Employees and Engineers to oppose Electricity (Amendment) Bill, 2014.**

Respected Sir,

On behalf of National Co-ordination Committee of Electricity Employees & Engineers (NCCOEEE), a broad based platform of all Nation Federations of Electricity Employees & Engineers irrespective of their affiliation or territorial region, we like to convey you the concern on interest of people of the country, Electricity consumers, Employees and Engineers, going to be jeopardised through the proposed Electricity (Amendment) Bill, 2014.

The grievance of all the NCCOEEE constituents against the proposed Bill is being ventilated to your Government since 8<sup>th</sup> December, 2014. Commitment of former Power Minister across the table to redress some of the grievances over the draft Bill was not honoured. Correspondences with the present Power Minister has become futile. Consequentially NCCOEEE resolved to resort to path of demonstration and agitation. Programme decided through regional conventions are set below:

## Tamil Nadu Electricity Board Engineers' Sangam

1. State level mass mobilization on 14<sup>th</sup> March, 2018 to submit Memorandum to Prime Minister requesting hold upon the draconian anti-people Electricity (Amendment) Bill, 2014.
2. Struggle will be intensified with massive Parliament Rally at Delhi on 3<sup>rd</sup> April, 2018.
3. Lightning strike / work boycott in all Power installations and electricity establishments of the country on the day of placing the Electricity (Amendment) Bill, 2014 for adoption in any House of the Parliament.

**This is for your kind information and needful action towards redressal of grievances of Electricity Employees and Engineers all over the country as deemed fit & proper.**

Thank you, Sir,

Sincerely yours,  
Sd/-
