In this regard, the following are informed.

- 1) Self financing schemes are being implemented by TANGEDCO based on the directions of Government of TamilNadu from the year 1992 itself.
- 2) As on 31.03.19, there are 4.37 lakh agriculture applications pending and it is difficult to clear the applications in near future.

- 3) Under normal scheme, applications registered up to 31.3.2000 have been released for effecting agriculture service connection.
- 4) Promoting agricultural growth of the State irrespective of the economic condition of the farmers could be achieved by effecting more number of agriculture service connections through Fast track (Tatkal) Self financing scheme as the willing applicants pay one time lumpsum charges.

In this regard, for implementation of Fast track (tatkal) self financing scheme during year 2019-20, the following instructions are issued:

- a) The scheme will be called as Fast track (Tatkal) Self financing scheme in short 'FTSFS 19-20' and is with effect from 01.10.2019. 10000 number of service connections will be given under this scheme. This scheme is optional and purely on the willingness of applicants.
- b) Fast Track (Tatkal) Self financing scheme is only an additional optional opportunity given by the Government of Tamil Nadu to the farmers to get agriculture service connection in separate priority based on the willingness of the registered applicants. It does not affect the regular waiting seniority of the applicants.
- c) All the pending agriculture applications registered upto 31.10.19 under LT tariff IV for the load upto 15 HP may be considered for this scheme and collect the scheme cost (Demand draft drawn in favour of Superintending Engineer/.....EDC) in account code **55.109** as detailed below:

Load upto 5 HP	-	Rs.2.50 Lakhs
Above 5 to 7.5 HP	-	Rs.2.75 Lakhs
Above 7.5 to 10 HP	-	Rs.3.00 Lakhs
Above 10 HP to 15 HP	-	Rs.4.00 Lakhs
- d) The tentative Circle wise target has been arrived proportionately based on the pending applications and is enclosed as Annexure. The Regional Chief Engineers will reallocate Division wise Target. However, the tentative target is likely to be revised.
- e) In order to give more opportunity to the long waiting applicants, agriculture applications registered from 1.4.2000 to 31.03.2010 are eligible for giving willingness and payment during the period from 01.10.2019 to 15.10.2019. From 16.10.2019, all the registered agriculture applications from 01.04.2000 to 31.10.2019 are eligible for giving willingness and payment under this scheme.
- f) Name transfer and SF change if any should be completed before registration. Reduction of load is not permitted. After verifying the revenue documents as per Form-2 of TNERC Distribution code, NOC (if applicable), the willingness application and Demand Draft may be accepted. Applications are to be

processed only through online application tracking in LT billing. Chief Engineer/IT has to provide view facilities to monitor the progress on daily basis.

- g) Separate section priority should be maintained for Fast track (Tatkal) Self financing Scheme 19-20 and to take up the work for the paid cases separately and complete the works as mere, minor, major as per section priority. All pending ready parties in other schemes are to be completed simultaneously.
- h) The Regional Chief Engineers/Distribution shall give wide publicity, implement and monitor the Fast track (Tatkal) Self financing scheme 2019-20 and send the progress report to CE/Plg & RC on every fortnight.
- i) The scheme amount shall be collected under the Account Code No.: **55.109.**
