

TANGEDCO
ADMINISTRATIVE BRANCH

144, Anna Salai,
Chennai - 2.

Memo.No.029535/442/G15/G152/2012-1, Dated: 05.02.2013

Sub: Establishment - Class II Service -
Posting of A.E.E, A.E, J.E to
Generation, Hydro Power Gen.
Circles - guidelines - extending
to Mechanical and Civil - Orders
Issued - Reg.

Ref: TNEB Engineers Sangam Lr. dt.8.11.2012.

The exemption of age limit for posting to Hydro Generation Circles has been modified and ordered for Electrical Engineers as 50 years instead of 55 years vide Memo No.073302/G13/G132/2009-4, dt.20.8.2009.

On the above lines, the TNEB Engineers Sangam has represented for implementing the said orders to the Mechanical and Civil Engineers also vide reference cited.

After careful examination, it has been decided that the exemption of age limit for posting to Hydro Generation Circles to the cadre of Mechanical and Civil on par with the Electrical is not feasible, But however the following guidelines would be adopted for the Mechanical and Civil/Cadres as below:-

1. One who has already served in the Hydro Generating (hill) station has the preference not to be posted to hydro generating stations.
2. If more than one person has satisfied the above condition then, one who has the longest service in the hydro generating (hill) station has the preference of not to be posted to hydro generating (hill) station.

(BY ORDER OF THE CMD/TANGEDCO)

R. SRINIVASAN
CHIEF ENGINEER/PERSONNEL

To
